

## MICHAEL WINGELMAN, CEO

---

**Michael Wingelman** started as an outside sales representative to the A&D community in 1994 with Pamas Slate & Stone Supplies. Michael grew Pamas to one of the most reputable companies in the tile and stone industry. In 2004 Pamas was sold to Fontile Corp. at which time Michael became General Manager for the company.

In 2010 Michael decided to leave Pamas to co-found a company in the millwork industry. The company (Custom Craft Cabinets & Millwork Ltd.) is currently active, strong and growing. Michael maintained his presence in the A&D community with this company and also acted as a consultant for tile & stone.

After building 19 years of countless relationships and having a true passion for carrying products on the road, Michael met up with long time business colleague Brandon Spearman to combine their talents and amalgamate their construction industry contacts.

Spec Connect was born.....
